## Administrator O'Keefe hosting 'NASA Update' Tuesday

Sean O'Keefe will host another edition of "NASA Update" on Tuesday. He will discuss his vision for "One NASA" and explain how President George Bush's "Freedom to Manage" initiative impacts the Agency. The program will air at noon CDT on Marshall TV and in Morris Auditorium.

## Friday is 'Bike to Work Day'

## For safety 'lessons learned,' go to 'It Could Happen to You' Web site at SHE bulletin on 'Inside Marshall'

## Earth to Orbit engineering design students at Marshall

More than 60 students and teachers from 13 states are at the Marshall Center on Friday participating in the annual Earth-to-Orbit Engineering Design Challenge. The program connects students with NASA engineers. Each student team designs, builds, tests and revises their own solutions to problems that share fundamental science and engineering issues with challenges facing NASA engineers.
